NEW 2024
CHARLOTTE PERGOLAS

NEW 2024 MODELS

DELUXE CHARLOTTE

MANUAL

KEY FEATURES

- Ideal for use as a permanent feature within any outdoor space, offering a versatile area to be used for all seasons.
- Contemporary design with large corner support posts, high quality construction exceptionally sturdy and durable
- 100% Rust proof durable aluminium frames.
- Integrated drainage system has been designed to conveniently allow rainwater to drain away through the structures' legs, and straight into the ground.
- Open or close roof slats in seconds using manually operated handle included.
- Roof louvers adjust to suit any weather condition, stopping at the desired position to provide the perfect levels of light or shade. When closed the louvers form an entirely watertight covering.
- A highest quality paint process has been used to protect the frame for many years to come.
- Finished in Grey or Wood affect. The wood affect is not a transfer as similar products available, but a corrosion resistant painted coating. If the frame is scratched, a touch up kit is available.
- Side curtains are available and can be used on all four sides if needed. They provide privacy and additional protection from the elements.
- Adding the Charlotte Pergola to a patio, garden or decking can turn outdoor spaces into an all season living area.
- Feet can be anchored to flooring for high-level stability.
- Supplied with comprehensive, easy use assembly instructions.
- Stainless steel fixings.
- Fitting service is available at additional cost.
